My wife and I would like to thank you for taking the time to view our presentation and to talk with our representative concerning the needs for the orphaned children in the country of Malawi.

Words can not convey the living conditions for the orphaned children in the country of Malawi. It is hard for the children that have mother, father or extended family, but when they have neither parents or extended family their plight is bleak.

It was not till our family went to Uganda in 2004 to do electrical work in an orphanage in the area of Soroti that the needs of the less fortunate became real to us. It was from that point on that we desired to make a difference in these children's lives. We wanted to do something for someone that had "NO WAY TO PAY US BACK".

My wife and I traveled to Malawi in the Spring of 2007 to see if we could assist a missionary that had started a 50 child orphanage in the area of Mupunga. He desired to build a 300 child orphanage in the area of Ntcheu, approximately 150 miles north. The existing orphanage now houses 100 children yet has not grown in size and new facilities are greatly needed. It was apparent early in our visit that we could be an asset in the construction and running of the new orphanage. Since our arrival back to America we have put into motion our direction to move our family over to the country of Malawi and build this new orphan facility. We, with our whole heart, are committed to this project and are willing to give up our living style here in America to help these dear children!

I would that we could do it all, but that is not the case. We need help!! We need funding, construction materials, construction equipment and in-country on site help to build this new facility for the orphaned children. That is why we are coming to you. You can make a difference!! You can assist us and help someone that has no way to pay you back!!

We want you to know that your donations are completely tax deductible, and that not one penny will be spent on administrative cost, our living expenses or any cost associated with our family. All donated monies will go toward their designations. If you donate for orphan support, 100% of the monies will go toward the orphans. If it is towards construction of the buildings, 100% of the monies will be spent on construction materials or construction cost.

Also, you will receive monthly updates on the construction of the orphanage, receiving of children, who they are and their circumstances. It is our desire that you understand your involvement and how important it is to us and the children!

If you have any questions, or concerns please do not hesitate to contact us and we will answer your questions to the best of our abilities.

Thank you again for your time and patience.

Respectfully,

John & Darcy Fullford
